Dear Prospective Employer,

I am computer science graduate student, I have knowledge of:

- Software Developer/Engineering
- Cyber Security Consultant
- Network Engineer
- Games Developer
- Systems Administrator
- App Developer
- Project Manager
- Web Developer
- Database Administrator
- Interface Designer
- Data Analyst
- IT Consultant

I am a hardworking and honest individual. I am a good timekeeper, always willing to learn new skills.

I am friendly, helpful and polite, I have a good sense of humor. I am able to work independently in busy environments and also within a team setting. I am outgoing and tactful, and able to listen effectively when solving problems.

The experience I have is mainly in retail, I have great knowledge and experience from working with river island, jack Potts bingo and Cineworld. I also worked in America in a camp for a summer.

I been in college for 5 years, went to Ballyfermot college studied game design and then moved to Technological University Dublin Blanchardstown for 4 years to study computer science level 8. I just finished my last year now and looking for a job related to my degree.
